

## Year 12 French – an introduction

I am delighted that you have decided to continue with your French studies for A Level. In order to bridge the gap between the end of your GCSE studies and the start of the A Level course, I would like to suggest some ways to help you maintain and consolidate the excellent level of French with which you ended Year 11. Please find below a range of different activities for you to complete before the beginning of Year 12. For your A Level course it is essential that you are confident in your use of tenses and have a broad knowledge of the society, culture, customs, artists and musicians in France.

All the tasks are designed to develop your French skills and your knowledge of the francophone world (if you don't know what this is or where it is, your first task is to find out!).

There are some compulsory activities, marked **C**. You will need to complete **all** of these.

There are other optional activities, marked **O**. You will need to complete **at least 3** of these.
